CAREER SUMMARY

A React-focused Frontend Developer with hands-on experience building responsive, component-based web applications using React, JavaScript (ES6+), HTML, CSS, Tailwind CSS, and Bootstrap. Skilled in translating UI designs into pixel-perfect, reusable components, optimizing performance, and ensuring cross-browser compatibility. Passionate about writing clean, maintainable code and contributing to collaborative, user-centered development teams.

KEY COMPETENCIES

- **Frontend Technologies: React, JavaScript (ES6+), HTML5, CSS3, Vite**
- **Styling & UI: Tailwind CSS, Bootstrap, Responsive Design, Mobile-First Development**
- **Tools & Deployment: Git, GitHub, Netlify, Vercel, Browser DevTools**
- **Concepts: Component-Based Architecture, Reusable Components, Performance Optimization, API Integration**
- **UI/UX Principles: Accessibility, Usability, Consistent Design Systems**
- **Collaboration: Code Reviews, Agile Workflow, Clear Communication, Team Coding Standards**
- **Soft Skills: Problem-Solving, Attention to Detail, Adaptability, Time Management, Fast Learner**

WORK EXPERIENCE

Junior Frontend Developer
YamlTech | https://yamltech.com/ | May 2025 – Present

- **Collaborated with development teams to design and implement responsive, scalable, and user-friendly interfaces using modern frontend technologies.**
- **Translated UI/UX designs into clean, reusable React components using Tailwind CSS and Bootstrap.**
- **Ensured cross-browser compatibility and optimized performance for improved user experience.**
- **Worked closely with designers and backend developers to integrate APIs and maintain code quality.**

Deivoc Integrated – Corporate Website
Live: https://deivocintegrated.netlify.app/
HTML5, CSS3, JavaScript

- **Developed a multi-page corporate website to present research initiatives and organizational goals across energy and tech sectors.**
- **Built semantic HTML structure with responsive layouts using CSS Grid and Flexbox.**
- **Applied media queries for mobile, tablet, and desktop compatibility.**
- **Enhanced readability and visual hierarchy through thoughtful typography and spacing.**

RELEVANT PROJECTS

YamlFoods – E-Commerce Grocery Site

Live: https://yamlfoods.ng/

React, Tailwind CSS, Axios, Vite, Api Integration

- **Built a full-featured grocery e-commerce platform with product browsing, search, filtering, and cart management.**
- **Developed dynamic components such as product listings, modals, and sliders.**
- **Managed state for cart updates and UI interactions, and fetched product data from backend APIs.**
- **Implemented loading states and optimized performance for seamless user experience.**

Bump2Baby – Maternity Health App (in progress)

Live: https://bump2baby.netlify.app

React, Tailwind CSS, Vite, API Integration

- **Developed a responsive maternity application to support pregnant women with health tracking, resources, and alerts to help reduce maternal mortality rates.**
- **Built intuitive UI components for symptom logging, appointment scheduling, and educational content.**
- **Implemented dark/light mode, responsive layouts, and accessible navigation.**
- **Focused on user privacy, clear information architecture, and mobile-first design.**

REST Countries API Explorer

Live: https://rest-county-api.netlify.app

React, Tailwind CSS, Public APIs (REST Countries, Leaflet Maps, Wikipedia)

- **Created an interactive platform for users to explore country data, including population, currency, borders, and live maps.**
- **Integrated REST Countries API for core data, Leaflet for interactive maps, and Wikipedia API for historical summaries.**
- **Implemented search, filter by region, and detailed country view with dynamic routing.**
- **Ensured fast load times and responsive design across all devices.**

Personal Portfolio

Live: https://nwaforgodspower.netlify.app

React, Vite, Tailwind CSS, Framer Motion

- **Designed and developed a responsive portfolio website to showcase projects and skills.**
- **Implemented reusable components, smooth animations, and mobile-optimized layouts.**
- **Deployed and maintained the site using Netlify with continuous updates and performance tracking.**

Frontend Developer (Project)

SwiftMinds | https://swiftminds.netlify.app/

- **Designed and developed the company's website to improve online presence and engagement.**
- **Built responsive layouts compatible across desktop and mobile devices.**
- **Integrated contact forms and interactive UI components following modern UI/UX principles.**
- **Collaborated with stakeholders to align website design with business goals.**

EDUCATION

Higher National Diploma (HND) – Accountancy

The Polytechnic Ibadan | Expected Oct 2025

National Diploma (ND) – Accountancy

The Polytechnic Ibadan | Oct 2025

SOFT SKILLS

- **Problem-Solving**
- **Strong Attention to Detail**
- **Team Collaboration**
- **Time Management**
- **Adaptability**
- **Willingness to Learn & Accept Feedback**
